

WORKSKIFF

Utility S Series

The Workskiff Utility S Series is designed, engineered, and built for continuous duty, multi-mission operations. This model incorporates a deep V mono-hull design with a reverse chine and an offshore engine bracket and can be outfitted with a console, T-Top, or walk around pilot house. The S Series has a rounded bow for pushing, 4" D Rubber fendering, internal aluminum fuel tank, engine bracket for single or twin engines, and can be outfitted with a variety of different accessories to meet your specific application. The Utility S Series will operate in both near shore and offshore applications.
